Lazar Strulovitch

CYBERSECURITY AND IT PROFESSIONAL

Brooklyn, NY 11206 • (929) 274-0152 • lazarstrulovitch@gmail.com •

linkedin.com/in/lazar-strulovitch-90257b2a1

Professional Summary

Cybersecurity professional with a Master's degree and hands-on experience in digital forensics, risk management, and cloud security. Proven ability to resolve complex technical issues and provide clear guidance to end-users. Eager to apply a methodical, model-based approach to solving cybersecurity challenges and contributing to a secure and resilient organizational environment.

Experience

IT HELP DESK / CYBERSECURITY TRAINEE   December 2024 - Present

Clicrite | Brooklyn, NY

- ⊘ Resolved 20–30 technical support tickets daily, providing both remote and on-site assistance for end users across Windows OS, printers, email, and VPN connectivity.

- ⊘ Delivered clear technical guidance to non-technical staff, reducing repeat incidents and improving employee productivity.

- ⊘ Investigated phishing incidents by reviewing message headers, login activity, and suspicious forwarding rules in Microsoft 365.

- ⊘ Managed email security configurations (SPF, DKIM, DMARC) and implemented MFA for various platforms.

- ⊘ Monitored audit logs in Microsoft 365 and Azure AD to trace account compromises and login anomalies.

- ⊘ Configured and managed endpoint protection using Bitdefender GravityZone and supported vulnerability patching.

- ⊘ Used PowerShell for scripting mailbox audits, user reports, and system cleanup tasks.

- Managed user onboarding/offboarding, configured VPNs, and resolved Windows OS and firewall access issues.
- Deployed and managed Acronis Backup for full-system imaging and recovery, including server restorations.

Frameworks & Regulations

- Familiar with major regulatory compliance frameworks including **HIPAA, GLBA, SOX, GDPR**, and the **FTC Safeguards Rule**.
- Experience with **NYDFS Cybersecurity Regulation (23 NYCRR 500)**, including drafting and supporting annual compliance certifications and Written Information Security Programs (WISPs).
- Completed **PCI DSS (Payment Card Industry Data Security Standard)** Self-Assessment Questionnaires (SAQs) to validate compliance.
- Knowledge of key security frameworks including **NIST SP 800-53, NIST CSF**, and **ISO 27001**, as well as the **NY Shield Act**.

Academic Projects

Capstone Project: HIPAA-Compliant LLM Audit Framework
Evergreen Valley Medical Center

- Designed a HIPAA-compliant audit framework for deploying a local large language model (LLM) in clinical diagnostics.
- Developed a comprehensive deliverable package including a HIPAA Security Rule compliance matrix, risk-control mapping aligned with NIST SP 800-53, and network diagrams.

Digital Forensics & Incident Response
Relevant Coursework

- Hands-on labs with Kali Linux, Wireshark for packet analysis, memory analysis, and password cracking using tools like John the Ripper.
- Applied NIST and HIPAA frameworks to identify organizational threats, assess vulnerabilities, and propose mitigation strategies.

- ✅ Managed cloud environments in Microsoft Azure, exploring Active Directory/Azure AD integrations, configuring security policies, and implementing MFA.

Education

MASTER OF SCIENCE (M.S.) IN CYBERSECURITY   Graduated: May 2025

Katz School of Science, Yeshiva University

GPA: 3.8

Yeshivas MIR, Yerushalayim   2016-2022

Skills & Technologies

- 🛡️ Risk Management
- 💻 PowerShell Scripting
- 🔒 Email Security (SPF/DKIM/DMARC)
- 🌐 VPN & Network Support
- 🚨 Incident Response
- ☁️ Microsoft 365 & Azure AD
- 🦠 Endpoint Protection
- 💾 System Backup & Recovery

- 🔧 System Administration
- 📈 Budget Development
- ⚙️ Policy Implementation
- 🤝 Team Leadership

Tools & Technologies

Acronis Cyber Backup	Active Directory (AD)
Bitdefender GravityZone	ConnectWise
Google Admin Console	Hyper-V
Microsoft 365 Admin Center	Microsoft Azure
Microsoft Entra ID (Azure AD)	NinjaOne (RMM)
PowerShell	ScreenConnect
SonicWall	Virtual Box
Windows Event Viewer	WSL (Windows Subsystem for Linux)

Burp Suite	Curl / Wget
Docker	Enum4linux
Gobuster / Dirbuster	GTFOBins
John the Ripper, Hashcat, Hydra	Kali Linux
Metasploit	Netcat (NC)
Nmap	smbclient
SPF / DKIM / DMARC	Ubuntu
Wireshark	

Languages

👏 Hebrew (Bilingual)   👏 English (Bilingual)   👏 Yiddish (Bilingual)
